

C. O. Harrison Elementary Main Parking Lot

CARPOOL DIRECTIONS

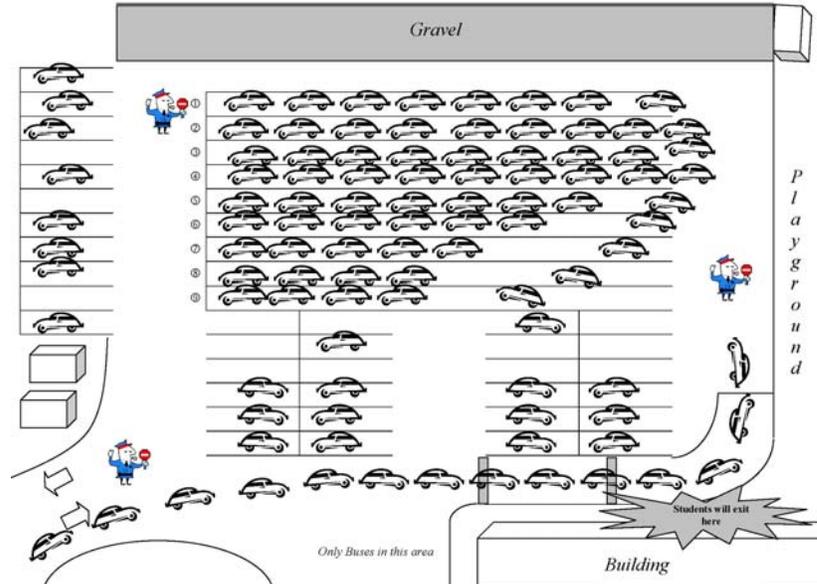

The C.O. Harrison Main Parking Lot is located on the south side of the building (the left as you enter the driveway). For students in grades 1-5 this is the lot where students should be dropped off in the morning and where they will be picked up in the afternoon (Some exceptions are made for morning Kindergarten Pick-up and Afternoon Kindergarten Drop-off). There are 5 parts to the lot. ① The Driveway (Left of flag pole), ② The Circle (right of the flag pole)- this is for buses only, ③ The Drop-off and Pick-up Location (Carpool Area), ④ The Chutes, ⑤ Open Parking (for people that will be here all day and will be leaving after carpool is over). ***Always remember to drive slowly and be mindful of children when driving on school grounds!** Be courteous and patient. We will work very hard to get you in and out as quickly, and safely, as possible.

C. O. Harrison Elementary Main Parking Lot

In the morning there will be staff members present to assist students. Parents are urged to pull down to the basketball hoop (following the white line). We ask you to pull this far forward in order to keep traffic off Neeb Road. Students should exit the car and walk on the side of the line closest to the playground and enter the building. The chart (left) shows where teachers will be located starting at 8:30. Please do not drop students off before 8:30 unless you have made special arrangements with the principal.

C. O. Harrison Elementary Main Parking Lot

Our motto for afternoon pick-up is "first one in, first one out." We have developed a system that safely and efficiently gets most of our 970+ students off our lot within 15-20 minutes! We ask that you do not enter the lot prior to 2:55 (The lot will be blocked off for recess). Starting at 2:55 staff members will direct cars to park Bumper-to-Bumper in the Chutes (see picture to left). Drivers are asked to leave their cars and collect their child in the carpool area. At roughly 3:35, when the majority of students and parents have returned to their cars, we will begin releasing the chutes from the back (first people on the lot) toward the front. Children whose rides are not present at dismissal will sit on the benches under the awning and wait until the lot is cleared. Please be attentive to the staff members that are directing traffic. With your patience and assistance we will have another successful and safe year here at C.O. Harrison. Last year we averaged 10-11 minutes from the time students exited the building and the last chute was emptied.
